

Richmond Child Care Resource & Referral Centre October 2010 Child Care Fee Survey

This is the first fee survey we've conducted where no mail out was involved. Instead, fees were attained using two methods:

1. Care providers were phoned by the CCRR and asked to provide their current rates
2. Care providers were also given the option of logging in to Provider Portal, the CCRR's online referral database, and updating their fees themselves

The deadline for updates was September 30, 2010; the information in this fee survey was compiled the following day, on October 1, 2010. Represented in the survey are:

- 122 licensed and registered license-not-required family child care providers
- 18 infant/toddler centres
- 66 group daycares for children 30 months to school age
- 35 preschools
- 42 school age centres
